

Water Heating Rebate Program

Rebates Available:

- 14 percent of the equipment cost for a new natural gas commercial water heating system with an energy factor (EF) of 0.82 through 0.86 or a thermal efficiency (TE) of 82 to 86 percent.
- 20 percent of the equipment cost for a new natural gas commercial water heating system with an energy factor (EF) of 0.87 or higher or a thermal efficiency (TE) of 87 percent or higher.
- \$600 for the purchase and installation of a new tankless water heater with an energy factor (EF) of 0.82 or higher or a thermal efficiency (TE) of 82 percent or higher.

How to Get Your Rebate:

1. Review program eligibility and requirements.
2. Submit a letter of intent with equipment specifications to Texas Gas Service. Call 956-444-3910 or email EnergyEfficiency@TexasGasService.com to begin the pre-approval process. Receive tentative approval. Purchase a new water heating system.
3. Purchase a new water heating system.
4. Installer must comply with manufacturer's instructions as well as all applicable safety and code requirements.
5. Submit completed application, water heater purchase receipt and/or installation invoice within 180 days of installation:

- To check your rebate eligibility, check the top part of your bill for your RATE CODE. If you still have questions, please contact Texas Gas Service at 956-444-3910 before proceeding with your purchase or installation.
- To be eligible for a rebate, the customer must have an active Texas Gas Service Commercial Rate account.

Water Heating Rebate Program

Important Information:

Rebates are limited and issued on a first-come, first-served basis until program funds are depleted. Texas Gas Service encourages each customer to review all program eligibility requirements. Rebate checks will be mailed approximately six to eight weeks after approval, subject to availability of program funds.
